MISSION

EAC is an inclusive, multicultural community. We provide the highest quality international education within an environment of extraordinary care.

Together, we grow as GIANTS!

Escola Americana de Campinas (EAC) is an academically rigorous school in Brazil serving 832 students, ages 2-19, representing over 17 nationalities. The High School program consists of studies leading to 3 possible diplomas: U.S., Brazilian, and International Baccalaureate (IB). We have small classes and offer the IB Diploma for all students; 91% earn the full diploma. EAC supports the Arts and the Sciences and we have students interested in studying visual arts, music, film, business, engineering, medicine, etc. The majority of our students participate in one or more extracurricular activities, and community service is a graduation requirement. We are accredited by the Council of International Schools and the New England Association of Schools and Colleges
